L.DIS.

Submitted to the Government.

2) From the sketch enclosed with the Collector's letter cited, it is seen that S.No.39/3B is a detached one from the plot in S.No.28-A/2. Further the plot in S.No.28-A/2 (Ac.1-98 cents) which has been reserved for the construction of a veterinary dispensary and is under the control of the Veterinary Department, has been kept vacant without any construction for the past 15 years. The Board therefore ~~is~~ considers that the plot in S.No.39/3-B may be transferred to the Animal Husbandry Department when they apply with concrete proposals for the construction of buildings in that plot on finding that the ~~xkax~~ land already available to them is not sufficient and accordingly recommends the transfer of the land in S.No.28-A/4-1 only now. The transfer of land in S.No.39/3-B may be deferred for the present in view of the objections referred to in the Collector's letter and also because there is no urgency for its transfer to the Animal Husbandry Department.

and it is under the control of the Veterinary Department for the past 15 years without any constructions on it. This site is said to be insufficient and hence S.Nos.28-A/4-1 and 39-3/B shown in blue have now been applied for. No objections have been received with regard to the transfer of S.No.28-A/4-1 to the Veterinary Department but two objections have been received in respect of S.No.39-3/B viz. (1) Jambana Gowd, Hospet and (2) Secretary, N.G.G.Officers' Association, Hospet. Copies of their objection petitions are enclosed. Under para (3) of G.O. Press 1065 Revenue department dated 1-5-51 I feel that the Veterinary Department should be given preference to the private individuals. I therefore request that the Government may be pleased to ~~x~~ waive the objections and order the transfer of lands in question for the use of the Animal Husbandry Department.

Copy of petition dated 8-5-52 of the Secretary, N.G.G.Officers' Association, Hospet to the Collector, Bellary.

It has been come to the notice of the N.G.G.Os.' Association that there is a piece of land measuring about 55 cents in Hospet Town near the Taluk Office and by the side of the childrens' park. Some one or two years back, there was a proposal by the Association to apply to the Collector for the alienation of this site to it for building an N.G.G.Os. Home. The matter could not be taken up as there were no funds with the Association. It is now understood that this site S.No.39-3/B is to be given to the Veterinary Department for its use. We beg to request the Collector that we will renew the proposal to have this land on a future date after collecting necessary funds. We may be permitted to mention that this land is so small that it will not be sufficient for the Veterinary Department for their buildings, etc. Moreover this is quite detached from another piece of land behind the Taluk Office which is already said to have been reserved for that Department. We request that the proposals to reserve ~~this~~ (these) lands to the Veterinary Department may not be considered at present.

Copy of petition dated 3-5-52 of Sri G. Jambanna Gowd of Hospet, to the Secretary, Board of Revenue, Land Revenue, Madras.

Sub: Assignment - House site - Hospet Town - Bellary Dt.
Ref: B.P.Rt.No.4098 dated 29-6-50

The humble petition of G. Jambana Gowd resident of Hospet town begs to submit as under:--

The petitioner had applied for the grant of a house site in S.No.39/3 of Hospet Town in 1948 and this was rejected in Taluk H.S.No.24/57 dated 17-7-48. The reasons for the rejection was that the site was required for several public purposes and finally for a park. The petitioner's appeals and revision petitions ended in the confirmation of the rejection order in Board's L.Dis.B.7702/50 dated 25-8-50.

The petitioner submits that the park was laid and much of public money was spent for it and it was set up for the use of children. So far the site enclosed with a compound wall with one pair of crools stand and a skidding stand is left to remain in an abandoned condition, not used by the children. The site is overgrown with weeds with no watchman. There is no sign of any kind of garden in it. All this description is only to prove the motives behind the formation of this park. This site as originally explained in the appeal or revision petitions was applied for by Pathikonda Sowcar, the richest and leading merchants of this place for a grage to house their lorries and other vehicles. They could not succeed in their attempt and so a proposal was put up to get the site alienated for the Vyasya Hostel. They could not succeed in this also. The petitioner with a bonafide intention of constructing a house, was pressing for its assignment to him. In order to deprive the petitioner, the then Municipal Chairman

(Contd.)

Chairman a member of the above sowcar family donated for the said park, gave also Municipal assistance and got the park put up overnight. All the above are dead facts and the park laid is almost abandoned. The petitioner has narrated the above facts only to explain that the rich capitalists have thus been denying the needs of needy people to serve their personal ends.

Now that the above site whether rightly or wrongly has been converted into a park enclosed with walls, the petitioner has given up the idea of getting that site. He submits that there is still sufficient space left to the South of the southern wall of the park, in the same S.No.39/3 of Hospet. The petitioner prays that this site atleast may be assigned to him on payment of market value. The petitioner has explained already his necessity for a house and he feels it unnecessary to recapitulate ~~again~~ it again. His present house is in the most congested locality and amidst the area when Malaria and other epidemics are rampant all through the year and some of the members of his family had fallen victims to them.

The petitioner therefore begs that the Board would be good enough to issue the orders in the matter so as not to give room to the rich class to againt play their old game to deny the petitioner
